UPDATE
Water Main Maintenance
Repairs Underway

June 2nd, 2022, 1030 hours

Ennis Public Works is making progress on the water main repair. Pressure testing is currently underway to the damaged water main.

Ennis Public Works is requesting affected residents to open their faucets for 10 minutes to allow for water flow and assist in the pressure testing..

Crews will continue with repairs and service is expected to be restored by 6pm June 2nd, 2022.

Please refrain from calling Ennis Town Hall for updates. Public Works is working as fast and safely as they can to restore the water service. For the most current updates please visit the Town of Ennis's web page at www.ennismontana.org

Updated information will be provided as the situation unfolds.
