**NEWS RELEASE
FOR IMMEDIATE RELEASE**
August 1st, 2023 4:30pm

**Sewer Line Replacement
*Scheduled Maintenance***

August 1st, 2023 4:30pm: Beginning Friday August 4, 2023 Ennis Public Works will begin replacing a sewer line. The line being replaced is south of the businesses located on the south side of the 100 block of East Main Street. Ennis Public Works has made contact with the businesses that will be affected.

Due to contractor and specialty equipment availability work must begin on Friday August 4th. Work will continue throughout the weekend and possibly into next week depending on the location of the sewer line and the severity of the sewer line aging.

The sewer line is being replaced is aged, faulty and has lost its grade. Repairs must be made before a catastrophic failure occurs.

Every attempt will be made to keep sewer service interruptions to a minimum.

Ennis Public Works thanks you for your understanding and patience while the Town's sewer system is improved.

For updates, please visit the Town of Ennis's web page at www.ennismontana.org

Updated information will be provided once the project begins.
