Road Construction and Closures - Town of Ennis Residents
South First Street and Jefferson Street

May 6th, 2024 12:15 pm:

Beginning Monday May 13th, 2024 at 8:00am private contractors will be connecting to the Town's water and sewer system for new home construction / subdivision. Due to the new connections and the location of the existing water and sewer connections the following roads will be closed:

- South First Street at Grizzly Street
- Jefferson Street at South First Street

These closures will be intermittent, with work anticipated to conclude by Monday May 27th, 2024.

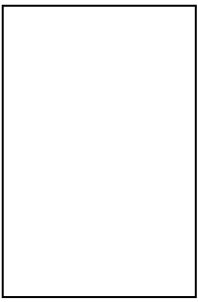

Access to Jefferson Street will be restricted, necessitating an alternate route.

Gracious private property owners situated on the west end of Jefferson Street have consented to open their gates, permitting access from MT287 during the project. We kindly request reciprocation of this courtesy and urge motorists to drive cautiously and slowly along this route.

We apologize for the inconvenience,

For updates, please visit the Town of Ennis's web page at www.ennismontana.org.
